# 3<sup>rd</sup> Nordic RAS workshop 30 September – 1 October 2015 **Excursion 2 October**

## Join the 3<sup>rd</sup> Nordic RAS workshop!

# Meet other professionals with an interest in emerging RAS related issues!

Commercial RAS production is increasing and construction of increasingly larger systems that can handle intake -and especially discharge water and sludge is gaining more and more attention.

Consistent with this, the 3<sup>rd</sup> Nordic RAS workshop focuses on the following integrated and complex RAS related issues:

### **Topics**

- Diet raw materials & RAS performance
- Particles in RAS
- Gasses in RAS •
- Microbial water quality in RAS
- Fish health in RAS
- Energy and system optimization •
- Partial reuse RAS
- Complete system approaches

### Abstracts

Abstracts relating to one or more of the topics are encouraged. Submission deadline is Monday 1 June 2015 (see NordicRAS.net)

Registration See NordicRAS.net

Workshop venue Hotel Rica Seilet, Molde, Norway
